PARENT RESOURCE

Happy New Year! It's that time of year where we look back to reflect and learn, while looking forward to what is ahead with optimism and hope. New Years is the traditional time to celebrate a new beginning, and did you know that kids ages 7-12 are at the ideal stage to learn to make resolutions? They are still young enough that habits are not firm. So, what New Year's resolution will you help your kids make this year?

Read the article below for inspiration and guidelines on how to make New Year's resolutions a positive experience for your kids and how to keep in touch with their goals all year long:
